A NECESSITY

**Mrs. Collier Says Could Not Keep
House Without Black-Draught.**

Hardin, Mo.—Mrs. J. W. Collier, of
this town, who knows from experience
of the merit of Black-Draught Liver
Medicine, has following to say for
publication: "I want to let everybody
know that I have used Thedford's
Black-Draught for many years, and it
is just what is claimed for it. I am
never without Black-Draught, and
really I couldn't keep house without it.
Whenever I feel bad, I take a small
dose, and feel better right away.
I advise everybody who suffers
from liver or stomach trouble to use
Black-Draught Liver Medicine."
For three-quarters of a century
(75 years), Thedford's Black-Draught
has been regulating irregularities of
the liver, stomach and bowels, and has
long been recognized as the standard
remedy. It is a fixture in thousands
of homes as the main stay of the fam-
ily medicine chest.

If you have not tried it, get a pack-
age from your nearest dealer, today.
He sells it in 25c and \$1.00 packages,
making it cost you only one cent a
dose.

Talks with Screen-Struck Girls No. 18

By BEATRIZ MICHELENA

One of the questions frequently
put me is about the kind of facial
lines and features most likely to
succeed in the film world. These
queries come from inexperienced
girls with very nebulous aspira-
tions to some day develop into
"Movie stars." Were I able to
answer them with any degree of
decisiveness, I should immediately
become a very valuable source of
information for producers with
long years of experience in the
profession.

A matter technically known as "photographic values" is one
of the knottiest problems that motion pictures have to solve. This
applies alike to the piece of furniture employed as a property and
the face of the actor or actress who makes use of it.

The common adage that "the camera will not lie" is a mis-
leading one. More often than not a thing will photograph out of
its natural color and light. A very hideous green as an actual
coat may give a panelling a richest hue in its photograph transla-
tion. That is why the properties of the regular theatre will never
do for the motion picture stage unless they are retouched with the
painters brush.

In a measure this same uncertainty applies to the performer's
features and complexion. No producer can be absolutely sure of
how well one will photograph until a test is made. It seems that
certain lines of the face and shades in one's complexion, which
are scarcely noticeable in actual life, will unaccountably make
strongest appeal to the lens of the camera and throw everything
else into subordination.

At times this works to the performer's advantage. At others,
however, the camera seems intent on searching out all that is
hard and disagreeable in a face. In this respect it often appears
to almost get underneath the skin and open secreted traits to the
light.

There are certain general considerations in respect to one's
features, however, that can be pretty well relied upon to make
either for or against good photographic results. I shall discuss
some of these in future "talks," but have first gone to this length
to have it thoroughly understood that there can be nothing hard
or fast about what I am going to say.

My observations will apply as tendencies rather than definite
fact, and shall always be open to exceptions.

TO ALL SUBSCRIBERS.

On and after **JULY 1, 1916** the subscription
price for the Chariton Courier will be **\$1.50 THE
YEAR**. All who pay before that time will get the
year for \$1.00, but payment to some date beyond July 1,
1916 will be necessary to get the paper for the year at
that rate.

The immense increase in the price of print paper
and the hint that it may soon be hard to get at any
price within the reach of small publishers, together with
great advance in everything else connected with print-
ing, makes it imperative that either the price of the pap-
er be advanced, its size cut down or half of it patent
print, neither of which is agreeable to us, but we prefer
to advance the price to adopting either of the other al-
ternatives.

You can readily see the advantage to you in pay-
ing ahead.

Every subscriber six months in arrears will be out
off our list July 1.

INVITATION

A. V. SIMMON, the Keytesville Merchant Tailor,
cordially invites the people of this vicinity to come
earlier to select their good clothes because I cut
and make up every garment myself according to
the fancies of the customer. And second my prices
are lower than some of the ready-to-wear houses.
Because I charge no profit to everyone only
for my labor and then add the price of the goods.
That is why I am always found to be very busy

You Know Whether you owe for the Courier or Not

If you have not paid, the amount is small
but hundreds of such foot up considerable to us.

We are sending you a paper which costs us
more than we get for it if you pay—if you do not
pay, we lose heavily in the aggregate.

We are not only compelled to raise the sub-
scription price of the Courier, by July 1, as all
others are forced to do to break even, but we are
determined to have the money for what we have
supplied at a losing rate. Why put us to expense
to get what is due us? It needs only for you who
are in arrears to think about the matter for a
moment, and you will get it off your mind and
ours by sending the small amount you are behind
at once.

DONT FORGET IT.

Stomach Troubles and Consti- pation.

"I will cheerfully say that
Chamberlain's Tablets are the
most satisfactory remedy for
stomach troubles and constipa-
tion that I have sold in thirty-five
years' drug store service,"
writes S. H. Murphy, druggist,
Wellsburg, N.Y. Obtainable
everywhere.

Misse Freda Moore and Na-
dine Williamson of Brookfield
returned home Monday after a
three weeks visit with friends.

To The Public

"I have been using Chamber-
lain's Tablets for indigestion for
the past six months and it affords
me pleasure to say I have never
used a remedy that did me so
much good."—Mrs. C. E. Riley,
Illion N. Y. Chamberlain's Tab-
lets are obtainable everywhere.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm
tender little Stomach, liver
and bowels.

Look at the tongue, mother! If
coated, your little one's stomach, liver
and bowels need cleansing at once.
When peevish, cross, listless, doesn't
sleep, eat or act naturally, or is fever-
ish, stomach sour, breath bad; has
sore throat, diarrhea, full of cold, give
a teaspoonful of "California Syrup of
Figs," and in a few hours all the foul,
constipated waste, undigested food
and sour bile gently moves out of its
little bowels without griping, and you
have a well, playful child again. Ask
your druggist for a 50-cent bottle of
"California Syrup of Figs," which con-
tains full directions for babies, chil-
dren of all ages and for grown-ups.

There is more Catarrh in this section
of the country than all other diseases
put together, and for years it was sup-
posed to be incurable. Doctors pre-
scribed local remedies, and by constant-
ly failing to cure with local treatment,
pronounced it incurable. Catarrh is a
local disease, greatly influenced by con-
stitutional conditions and therefore re-
quires constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is a consti-
tutional remedy. It is taken internally
and acts thru the blood on the mucous
surfaces of the system. One Hundred
Dollars reward is offered for any case
that Hall's Catarrh Cure fails to cure.
Send for circulars and testimonials.
